-1 All lots are sold "AS IS". Any description issued by us of an article to be sold, is subject to variation to be posted prior to the time of sale. We take the greatest care to ensure the correct cataloguing of each item, but such descriptions are purely statements of opinion, and are not intended to constitute a warranty of the correctness of the condition of the described lot. Some lots are of an age or nature which preclude their being in pristine condition, we warrant that each lot is described without omission of relevant defects such as missed illustrations or text in case of books and portfolio, or serious discoloration and creases in prints. We provide pictures aside of the description to show the item conditions, however it is the responsibility of prospective buyers to inspect or have inspected each lot upon which they wish to bid, relying upon their own advisers, and to bid accordingly.

The definition of "good" when used in reference to condition, describes an object as without major damage or repair, but may show minor surface wear, discoloration etc., which indicates the acceptable wear that the piece may acquire with age. Sizes are approximate.
